Welcome from the Headmaster

The School was founded in 1908 by Mr. Algernon Lucas, a graduate of Selwyn College, Cambridge, to educate boys to 13 years of age. Its first location was in downtown Montreal, on MacKay Street, and in 1930 it moved to more spacious quarters on Redpath Street. Upon the death, in 1945, of its fourth Headmaster, Mr. Geoffrey H. Wanstall, the ownership of the School was transferred to the Selwyn House Association, a newly-created group of Old Boys and interested parents. In 1960 the building housing Westmount High School was acquired and the School moved into these, its present quarters. The relocation not only provided expanded, first-rate facilities but it also enabled the School to offer instruction beyond the junior high school level, through to matriculation and university entrance. With the acquisition of a new building in 1985, the school increased its floor space by 50 percent while remaining committed to maintaining present enrollment levels.

Selwyn House seeks to prepare boys of good intelligence, who exhibit good citizenship, for the imaginative, reasonable and responsible exercise of their talents and faculties.

It is in this context that we are pleased to afford again this year the opportunity to all participants in the Annual Selwyn House Senior Hockey Tournament to enjoy and to benefit from friendly competition.

We look forward to the display of individual and team play attended by exemplary sportsmanship.

Selwyn House is delighted to host the players, families, and friends.

It is our hope that all will have enjoyed the welcome we extend to you.

Please accept our best wishes for a Happy Holiday.

William Mitchell

Thank you to the Selwyn House Varsity Hockey Tournament Committee, the staff and students, who make this great Tournament possible.

PROFILE OF THE SELWYN HOUSE CAPTAINS

30 - **Mike Avedesian "AVO"** - Center
Beaconsfield, P.Q.
17 years old - Team Captain

Mike is entering his third and final season with Selwyn House. Selwyn House's offensive production heavily relies on his leadership and play. Mike's offensive abilities will place him among the top scorers ever on record at Selwyn House School. Mike has worked hard at improving his defensive play and this season has developed into a valuable face-off expert and competent checker. In addition to his on-ice qualities, Michael is a leader by example in practices and pre-game organization.

	Games	Goals	Asst.	Pts.	Pim.
1985/86	34	17	21	38	12
1986/87	33	17	27	44	20
1987/88					

20 - **Doug Naudie "Naud Man"** - Right Wing
Westmount, P.Q.
16 years old - Team Captain

Doug's tenacity and hard-nose style will play a valuable role in this year's team. Plagued with a bad back in 1986-87, he still enjoyed a productive season. Unfortunately, work in the corners and checking is never measured in terms of points, but from this coach's point of view, players like Doug are invaluable. Doug's leadership and attitude are exemplary to the younger players. Doug is a prefect and maintains a high academic grade level.

WHAT'S WRONG WITH THIS PICTURE?

Look closely... you may never see this again.

This is an Itech family. Modern, active... they're all into sports. So it just makes sense that they're all into Itech.

Itech protective products are serious about injury prevention. That's why Itech is today's household word for state-of-the-art face masks, raquet sport glasses, officially approved ringette equipment, swimming goggles and gear...

So what's so unusual about this picture? Only that you rarely see an Itech family... standing still.

Walwyn

After 77 years, the cat is finally out of the financial bag.

The word is out.

Big things are happening at Walwyn.

That means new people. Greater capitalization. A commitment to dramatic expansion of the company's retail, institutional and corporate finance functions. And an even broader range of products and services - thanks in part to our membership in the Financial Trust, a group of companies.

Clearly Walwyn is a force to be reckoned with.

But what has us scratching our heads is that the story took this long to get out. From day one, more than 70 years ago, Walwyn has

been a leader in both product development and client servicing.

Maybe our profile was just too low. But that's the past.

We still let our actions talk louder than words. But we're also prepared to take credit where it's due.

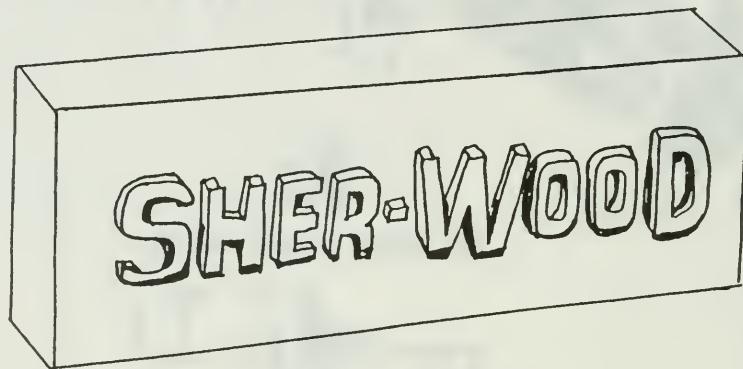

And when it comes to building our influence as a financial power, we are not passing by one around.

The long share of the Walwyn story still remains to be told. If you'd like to hear it from one of our Account Executives, call us toll-free at 1-800-367-5675.

Itech's new Face Off® shield offers outstanding protection and it has full CSA and HECC approval for hockey and box lacrosse.

The Itech Face-Off® protective shield is designed to give athletes a clear field of vision and protect vulnerable eyes and face from serious injury. The Face-Off® shield is injection molded of polycarbonate, a material that is considered bullet proof when used in thicker dimensions. In addition the shield has been treated to make it fog resistant. The shield's design allows excellent ventilation and the full depth model prevents sticks and pucks from passing through and causing facial injuries. The hardware and floating chin strap make the shield adaptable to most helmet designs.

Itech's Face-Off® is CSA approved, HECC certified and the official facial shield of Ringette Canada, the Canadian Ball Hockey Association and the CAHA.
